**Welcome
to the
January '14
edition** of the
Auto Theft Today
E-Newsletter.

Please find updated chapter and branch seminar information for the first half of 2014 on the left border of this page.

New items in this month's issue include training offered by ARA on page 3 and IAMT on page 4.

Also, in this edition of

Auto Theft Today are the latest links to breaking auto theft related news,

information on the **second and third** NW3C Seminars and other information.

The main focus of the E-newsletter will be to keep members up to date with current trends, training opportunities and IAATI related issues.

Please **continue to submit any articles**

and news items related to auto theft!

NMVTIS Law Enforcement Guide

The American Association of Motor Vehicle Administrators (AAMVA) and the Bureau of Justice Assistance have completed a NMVTIS Law Enforcement Guide tri-fold to use for educating and training Law Enforcement Investigators. The guide provides the Law Enforcement Investigator with valuable information on NMVTIS including:

How Law Enforcement obtains access to NMVTIS;
Types of businesses required to report to NMVTIS;
How the businesses report to NMVTIS;
How to verify a business is registered to report to NMVTIS;
Explains the penalties for a business not reporting to NMVTIS;
Provides information for the NVMTIS data consolidators; and
Provides the information on how to report an NMVTIS violator.

AAMVA has made the guide available for viewing or downloading from the Law Enforcement section of the vehiclehistory.gov website. The new NMVTIS guide will be a new tool that should help IAATI members educate themselves and train their own agency's officers on this federally mandated program.

Submitted by Les Cravens

INTRODUCING...

*The
Vendor of the Month
Section*

Following ELSAG North America is this month's selection, Regula.

Visit their website for more information.

Vendor of the Month

Regula Ltd., was established in 1992 by a group of scientific engineers. Since that time Regula Ltd. has become a leading developer and producer of hi-tech forensic equipment and software.

Regula Ltd. started with development and production of banking equipment for currency authentication. As Regula Ltd. continued to grow, different devices for authentication of security papers, IDs, and

passports were developed. Today Regula Ltd. is a leader in integrated solutions for forensic markets and governmental law-enforcement structures. Regula Baltija Ltd. was established in June of 2005. The company is located in Daugavpils, Latvia. The primary activity of the company is production of instruments for authenticity control of security papers, IDs, passports, banknotes, driving licenses' etc. Company has developed software and databases of travel documents and currency for use with our equipment. In May 2010, Regula Forensics, Inc was established here in the United States. We offer full product sales, including technical support and aftermarket services for all of North America and South America. We work with our Regula Group Partners, International Regula Locations to offer full product support in other countries.
